Personal Profile

I am a very enthusiastic, imaginative and hardworking person, always eager to learn new skills and embrace new challenges. My engineering background together with my current Master in Economics and Business Administration provided me with an extremely versatile skill set, allowing me to get better grasp not only about the business models but also the operational part of it. I enjoy the interactions in the workplace and I excel at communicating with others and bringing the team together for the benefit of the company!

Education

2019–now

Master in Economics and Business Administration

School of Economics and Management of the University of Porto
(after-work, 18h30 to 21h30)

2011–2017

Master in Civil Engineering

Faculty of Engineering of the University of Porto
Specialization in Materials and Construction Processes

Experience

2019/04–2020/08

Lidl & Cia.

Sales assistant

I performed a set of polyvalent tasks inherent to the shop's activity, such as customer service, restocking, cashier, etc.

2017/09–2018/12

Alfaengenharia - Engenharia Civil e Acústica

Civil Engineer

Duties included property management, work supervision on a rehabilitation, acoustic design projects, along with others.

Activities

2017

Soft Skills Development

Faz-te Forward - 1ª Edição Porto

Program that aims at the development of soft skills, networking, social and personal competences through training, coaching and mentoring. I did my mentoring with Eng. Armando Morado, Factory Manager at IKEA industry Portugal.

2014–2017

Student Association

NTIEC - Núcleo de Tecnologias de Informação na Eng. Civil

I participated in the organization of lectures with external speakers, courses that provided certificates on IT related subjects (in partnership with CESAE and Construsoft Portugal), as well as free courses and workshops for all students.

Other Courses
